

Illinois Documents

May 2007

Jesse White, Secretary of State and State Librarian

Upcoming EDI Depositor Training

Training on electronic document depositing is scheduled for Thursday, **May 17th** and Wednesday **June 20th** in **Springfield** at the **Illinois State Library** 5th floor training room. There is limited seating. Training is on a first-come first-served basis.

Who is taking care of this function for your agency? If you know of anyone who should be trained to deposit state electronic documents, please refer them to <http://finditillinois.org> and **Online Learning** to find **CleO** to register for a training session. **If the person who makes deposits is changing, the new person with the responsibility needs to be trained.**

A trainer will also come to your area for a group training session. If you are not in the Springfield area and need training, please contact me to arrange a training date. My contact information is at the end of this newsletter.

Accessibility Standards

Last month this newsletter included an item about Web accessibility standards. If you would like more information, contact the Illinois Assistive Technology Project. Their website, <http://www.iltech.org/>, is a great place to learn what they do and find their contact information.

Trained in April

Employees from the Illinois Commerce Commission trained to deposit state publications. The Illinois State Library appreciates that the ICC contributed their employees' time to the goal of improving citizen access to state government information.

EDI Lately

Have you had a chance to look at the **Electronic Documents Initiative** (EDI) service lately? Many new state documents have been added. Maybe you would like to look at <http://iledi.org> and select the heading "by Issuing agency" in the left column. Not only will you see how many agencies have documents in EDI, you'll also see the number of titles received from your agency. You can see which divisions are contributing.

We Are Your Library

The **Illinois State Library** is the library for state government employees and elected officials.

See our Web portal, Find-It! Illinois, <http://finditillinois.org>, for public online services.

Contact the Illinois State Library for assistance with your information needs.
